THE VERDICT OF GUILTY

Sentence to Be Deferred in Case Against Riggs—Arguments in Fox Case Today—Manslaughter Case to Be Heard Next.

On Thursday morning at 10 o'clock the criminal session of the superior court was resumed with Judge Wheeler and a jury in attendance.

Charged with stealing a power boat valued at \$500, Howard Shelley, aged 21, and James Reilly, aged 18, pleaded not guilty. The boat was taken from East Lyme. The case of the state vs. Edward Riggs was then resumed and occupied the rest of the day, the arguments being completed and the judge's charge given at 3:15. The jury considered the case until 3:50, when they reported with a verdict of guilty. Sentence was deferred.

In the case against Abraham Fox et al. State's Attorney Hull stated that he wished to enter a demurrer to the plea in bar, presented by the attorneys for the accused. He claims that the trial in the police court in which they were discharged did not put the accused in jeopardy. He asked that the arguments be made this afternoon, as there are witnesses here from some distance, and he is anxious to know how long they must be kept here.

The case of the state vs. Lawrence, the witnesses were excused until next Tuesday, as they were also in the case against Rena Smith alias Rena Thornton.

The next case to be tried is that of the state vs. Andrea Yarmontzieck of Waterford, who is charged with man slaughter. She was put to plea and said not guilty. It is alleged he struck and killed Frank Stybelick in Millstone July 5, causing immediate death. He cannot speak English. Attorney Lawless was assigned to defend him. The jury was selected and court was adjourned at 4:35 until this morning at 10 o'clock.

In this case the accused heard the charge through an interpreter, M. R. Mallowsky of New Britain being the interpreter. It is understood that the men were not on friendly terms and had not spoken for a time. During the day of the fatality Stybelick had been to New London, and returning home about 10 o'clock, there was trouble at the tenement house where they lived. Words were followed by action, and the man who was killed, it is said, raised a chair as if to strike the accused, who avoided it and struck Stybelick on the temple, knocking him to the floor. He was senseless and never rallied.

PLAYERS MAKE GOOD
PROGRESS IN ROQUE.
Indications of a Tie for First Place Between Wahly and Rudd.

Prospects look good for a tie for first place in the roque tournament in progress on the grounds of Rockwell street. Capt. H. Wahly having finished his games with the loss of only one, and Tracy Rudd having a chance to equal the captain's record by winning the two games left for him to play. Rudd has to play Williams and Dickey, and can tie with Captain Wahly, by taking both games, otherwise Rudd will finish second to the Washington player. Woodruff Sullivan and Prentice Chase are at present tied for third place each with two games to play.

Clarkson—Ayres.

A pretty wedding took place Tuesday at high noon at the home of Rev. and Mrs. E. J. Ayres of North Franklin, Conn. The contracting parties were Ralph Preston Clarkson of Fall River, Mass., and Miss Margaret May Ayres of North Franklin. The marriage ceremony was performed by the Rev. E. J. Ayres, father of the bride, assisted by the Rev. Thomas Tyrre of Hazardville, Conn. Charles Brightman of Fall River, Mass., was best man, and Miss Alice D. Ayres was bridesmaid. At the appointed hour Miss Bessie Ayres began playing the wedding march and the bridal party immediately appeared. Miss Ayres being escorted by her father, and a company of relatives had already assembled in the parlor, which had been tastefully decorated for the occasion, to witness the ceremony. After the service was over and the happy couple had received the congratulations of the company, a rich and abundant breakfast was served, at which all went merry as a marriage bell. Mr. and Mrs. Clarkson both graduated from the Fall River High school. Mr. Clarkson then entered the Worcester Technical school, from which he was graduated with honors. He has been recently elected to a position in the University of Vermont and with his bride will take up his residence at Burlington at the beginning of the college year.

SPECTACULAR RUNAWAY.

Hydrant Broken and Washed Out a Garden—Men Thrown Out.

About noon on Thursday there was an exciting runaway along High street and down West Thames street to Thamesville when a single horse in a delivery wagon driven by two foreigners became frightened and got beyond the control of his driver. At the head of the High street the team struck a hydrant, breaking it sharp off, throwing out a geyser of water that shot high into the air and flooded a number of cellars on the lower side of the street and washed out a garden before it could be shut off in response to a telephone message from the McCrum-Howe office. Two men in the team were badly bruised when they were hurled off the seat. Several children in the path of the runaway were thrown over a fence to safety by a man who saw the danger and he home ran to Thamesville before the horse was stopped. It was the most exciting afternoon that the neighborhood has seen in a long time.

FORMER NORWICH PASTOR

MAKES BEST SUGGESTION

Rev. Thomas Simms, Now of Braintree, Tells How a Clergyman Can Better Boston.

The Boston Journal has been holding a Better Boston Improvement contest, by asking six questions as to how a policeman, railwayman, politician, physician, clergyman and newspaperman can better Boston. Judges decided that to the question, How can a clergyman better Boston? the best answer was submitted by Rev. Thomas Simms of Braintree, Mass., whose suggestion was as follows:

By being a voice, not an echo, fearlessly and hopefully declaring the truth. By seeing the good in every man and sect, magnifying things of agreement, co-operating in every progressive movement and manifesting just pride in Boston through hearty encouragement of her highest welfare.

Rev. Mr. Simms was pastor of the East Main Street Methodist Episcopal church in this city from 1885 to 1888, and is well known here.

FATHER JOYNT'S ESTATE

Will Amount to About \$38,000—Provisions of His Will.

The will of Rev. Thomas P. Joynt, who died on Sept. 1, was admitted to probate in New London Thursday.

The largest bequest made by Father Joynt is to Miss Clara A. Blacker, daughter of a former housekeeper for the pastor. She is to receive one hundred shares of Pennsylvania railroad stock, the market value of which is \$11,000. Two other bequests are for \$10,000 each. One is for the erection of a tower or spire for St. Mary's Star of Sea church, New London, and one is for the benefit of St. Mary's academy, Laurelton Hall, Milford.

The will was drawn on Oct. 19, 1905, and the codicil on June 11, 1909. The sum of \$1,000 for hospital work is bequeathed to the Methodist Episcopal association, but withdrawn in the codicil.

To Catharine Crofton, daughter of George Crofton, formerly of New London, is bequeathed \$500.

The will further says: To my friend, William T. May, I give the carved crucifix that hangs over my bed. To my friend, Edward E. Neelan, I give the two copper plaques that are in my bookcase. The Angel of the Passion.

Other pictures and English books in his library Father Joynt gives to Alfred H. Chappell in trust for the benefit of St. Mary's school. Latin books and French books are given in trust to Rev. John J. O'Donnell, of the diocese, for the benefit of St. Thomas' seminary. Father Joynt's gold chain, made by Roux of Paris, is to go to Rev. Paul McAlenny, rector of St. Peter's church of Hartford. The other chain is given to Rev. J. J. Curtin, rector of St. Francis Xavier's church, Waterbury.

The gold watch and chain presented to Father Joynt on his twenty-fifth anniversary by his parishioners is bequeathed to Rev. David R. O'Donnell, his assistant.

Father Joynt provides that the residue of his estate be expended for the benefit of St. Mary's church.

HUSTLING MONTVILLE-WORK.

River Being Filled in Along Bank—Fifty Men at Work.

There's more real business to the square inch at present along the river front in Uncasville than in any other part of Montville. The preliminary work of getting materials in readiness for building the paper mill is being rushed and the old wharf and its surroundings has a very different appearance than it wore a few weeks ago.

Several barge loads of brick for the main building are to be discharged. Of these two have already been unloaded and a third came in Wednesday afternoon. The barges are unloaded as quickly as possible, the bricks being piled around the lines for use for the building where they can be handled readily by bricklayers.

One lighter has discharged a cargo of cement and two others are due.

Work commenced this week on the big fill south of the old coal shed. The embankment proper was at each end of the bluff between the wharf and the Central Vermont railroad and the gang of Italian laborers attacked it with pick and shovel Tuesday. Wednesday sufficient clear space was made to permit the use of teams and six were put to work. This made a good showing and by Wednesday night the fill was extended some fifty feet into the river from shore. The working force is being gradually increased as opportunity offers, the total number of men now at work being about fifty.

BREVITIES.

The other day a number of people who were taking a walk on the slopes of Knockscaubert Hill, Scotland, were surprised to see on the grass a large number of very small fishes. They appeared to be the young of the herring and their presence on the hill in considerable numbers created much speculation. In August, 1904, a shower of herring fry was experienced at the head of Longrow. They fell from above on the hats and clothing of several men and at the time a small black cloud of great density was directly overhead.

Germany has a firm of match manufacturers which has hit on a means whereby the public will pay only half the present heavy statutory tax on matches. The method is to have the combustible properties at each end of the match, by which device one box goes as far as two.

CURES ECZEMA QUICKLY

New Discovery Has Revolutionized the Treatment of Skin Diseases.

Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which, it is safe to say, has cured more cases of eczema and skin diseases than any remedy ever offered for these ills.

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks. The very worst cases of eczema, as well as acne, herpes, better piles, salt rheum, rash, crusted humors, scaly scalp and every form of itchy, yield to it readily. Blemishes such as pimples, red noses, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared over night.

Every druggist keeps both the 50-cent size (for minor troubles) and the \$2 jar, and either of these may be obtained at Lee & Osgood's and Smith's drug store in Norwich, Larue's in Putnam, Woodward's in Danielson and Chesbro's in Willimantic, as well as other reliable drug stores. No one is even asked to purchase poslam without first obtaining an experimental package which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 11 West Twenty-fifth street, New York City.
